

DFAT acknowledges ACBRI's contributions

01/11/2017

ACBRI is very proud to be acknowledged by Ms Frances Adamson, Secretary of the Department of Foreign Affairs and Trade in Ms Adamson's keynote address at the Asialink Business and Macquarie University Thought Leadership Dinner:

'We acknowledge the efforts the business community is making (in relation to Belt and Road Initiative) as well, particularly the delegations that Jean Dong has organised with former Trade Minister Andrew Robb under the auspices of the group called Australia-China Belt and Road Initiative.'

ACBRI's delegations to China have taken 50 Australia leading CEOs to build relationships with more than 300 of China's most influential business leaders, securing AUD 185 million in financial outcomes for Australian industry. ACBRI looks forward to making further contributions to Australian industry relations with China and the world.
